**Modernisation of Institutional Management of
Internationalization in South Neighboring
Countries: towards an Internationalization
Management Model**

MIMI

University of Barcelona

Kick-off Meeting

Association of Arab Universities, Amman, Jordan, 23 January 2014

Tempus

Wider Objective

The wider objective of MIMI is to favour HE internationalization in the ENPI South area by the adoption of an approach that is compatible with European standards and practices and enables development of regional linkages and relationships in the region.

Tempus

Specific Objectives

1. Measure internationalization in partner universities, provide comparative analysis to international processes, identify areas for change and assist in setting targets for improvement,
2. Develop an internationalization management model in partner institutions and provide appropriate knowledge and means to improve internationalization actions that contribute to the sustainability of the international dimension,
3. Improve governance procedures to enhance internationalization within university hierarchy, set guidelines to establish an appropriate legal framework for internationalization, create the required infrastructure for implementation of internationalization,
4. Utilise virtual tools to enhance internationalisation,
5. Disseminate good practices and share practical experience in benchmarking analysis applied to university international relations.
